While DOE and the Rocky Flats Plant has not imposed any building or other restrictions in the vicinity of Rocky Flats, the State of Colorado has a construction standard for Plutonium contamination which imposes additional controls, if contamination exceeds 0.9 pCi/gm.

If you have any questions regarding these issues or on the document you will soon receive, please feel free to contact Robert H. Birk of my staff at 966-5921.

Sincerely,

James K. Hartman
Assistant Manager for Transition
